

# ECHO ONTARIO SUPERHUB

A collaboration between ECHO Ontario Mental Health at CAMH and UofT and ECHO Ontario Chronic Pain & Opioid Stewardship at UHN and Queens with support of the Ministry of Health and Long Term Care of Ontario

---

**Co-Chairs:** Dr. Allison Crawford & Dr. John Flannery

**Director:** Eva Serhal

Over 15 ECHO projects across more than 5 organizations in Ontario have launched to deliver priority topics such as opioid stewardship, chronic pain, mental health and addictions, care of the elderly, complex paediatric care, and epilepsy and more.

## WHAT IS THE ECHO ONTARIO SUPERHUB?

Until recently, training to implement the ECHO model was provided exclusively by the University of New Mexico. With the movement spreading quickly, Superhub sites have been developed to train and support new ECHO projects. The ECHO Ontario Superhub, a collaboration between CAMH and UHN, serves new ECHO projects in Ontario and in Canada.

Along with training, the ECHO Ontario Superhub

1. Leads provincial ECHO initiatives through the following:
  - Monthly ECHO Ontario Collaborative Meetings
  - Annual ECHO Ontario Conference
  - Provincial Advisory Board Meetings
2. Provide all existing, new and potential ECHOs within Ontario with:
  - Outreach & Training – Orientation, Immersion Training
  - One-on-one mentorship
  - Support to develop consolidated reporting and recruitment strategies
3. Lead the development and implementation of quality assurance and quality improvement frameworks for ECHOs in Ontario, including providing strategic planning support for ECHO in Ontario
4. Act as an agent of the ECHO Institute to expand the ECHO model in Ontario as per each program's agreements. Including:
  - Developing naming & logos
  - Signing agreements
  - Advice on strategic & project planning
